## OFFICERS HAVE FIERCE BATTLE WITH BANDITS

### RAILROAD REJECTS THE FRANCHISE.

General Manager Kruttschnitt Gives Reasons Why Company Will not Take Concessions.

ALAMEDA, November 27.—Julius Kruttschnitt, general manager of the Southern Pacific Company, has formally notified the Board of Trustees of this city that the Central Pacific Railway and Southern Pacific Coast Railway franchises granted by the board November 2 have been rejected. Mr. Kruttschnitt's letter follows in full.

#### REASONS FOR REJECTION.

"San Francisco, Calif., Nov. 24, 1908.  
"To the Honorable Board of Trustees of the City of Alameda—Gentlemen:—On the fourth instant a letter was addressed by Mr. J. W. Gillogly, City Clerk of the City of Alameda, to the Law Department of the Southern Pacific Company notifying it of the action of your Honorable Board of November 2, instant, granting certain franchises to the South Pacific Coast Railway Company and to the Central Pacific Railway Company, and requesting information as to whether said franchises would be accepted.

"As general manager of the Southern Pacific Company, lessee of the railroad properties of said last named companies and vice president of the Central and South Pacific Coast Railway Companies, said letter was referred to me for answer.

"BURDENSOME CONDITIONS.  
"An examination of the franchises in question will disclose the fact that they contain many unusual and burdensome conditions on the part of each grantee, among which are the following:

"In both, it is expressly provided that the present local passenger train and ferry service shall not be curtailed, that no fewer local passenger trains shall be operated than at present; that no station or depot (except Sixth street on the South Pacific Coast Railway) shall be abolished or discontinued without the consent of your Honorable Board; that single fare tickets between Alameda and San Francisco shall not exceed ten cents and between Oakland and Alameda, five cents; and that monthly commutation tickets between San Francisco and Alameda shall be kept on sale at a price not exceeding three dollars, and that in any event

single fare and commutation tickets between San Francisco and Alameda shall not exceed the rate for like service between San Francisco and Oakland.

"In the Central Pacific Railroad franchise the following additional provisions are contained, viz:

"First, that the grantee shall within six months remove its present track on Railroad avenue between Fifth and Eighth streets, and restore the street to the satisfaction of the Superintendent of Streets of your city;

"Second, that it shall not use any portion of the main line, except that portion between Harrison street bridge to the roadway between Webster and Eighth streets, for the transportation of freight other than freight destined to or from your city.

"MANY PROVISIONS.  
"In the South Pacific Coast Railway franchise the following additional provisions are found:

"First, That the Fifth and Seventh street stations here be established.

"Second, That a new ferry building at the westerly terminus of the Alameda Mole be forthwith constructed at a cost of not less than \$150,000.

"Third, That no freight except to or from Alameda or points between Alameda and Santa Cruz be transported over the line between the easterly boundary of the city and Alameda point.

"Fourth, That single fares between stations east of Pacific avenue shall not exceed two and one-half cents.

"THE CONCESSIONS.  
"At the risk of being somewhat tedious I have detailed the special conditions, above referred to at length. Each and all of these conditions were the subject and the result of repeated interviews, discussions and negotiations, extending over a period of several months, between committees of your Honorable Board, officers and prominent residents of your city, and various representatives of the companies named.

"The concessions on the part of the

PROMINENT RUSSIAN AND JAPANESE OFFICIALS INTERESTED IN THE SETTLEMENT OF THE CHINESE AND COREAN QUESTIONS.

#### SOLDIERS SENT TO THE FRONT.

ST. PETERSBURG, November 27.—The prolongation of the Russo Japanese negotiations at Tokyo, which have been delayed by Viceroy Alexieff's return to St. Petersburg, is due to the inability to reach an understanding regarding Korea. Tentative terms on the subject of Manchuria have been settled.

NO OBSTACLES.  
Japan recognizes Russia's dominant interest and agrees not to place obstacles in the way of the solution of the problem. While still maintaining the ultimate recognition of her treaty rights, open ports and the integrity of Chinese sovereignty, Japan is content to leave these questions in abeyance, so as not to embarrass Russia.

JAPAN'S DEMANDS.  
In return, Japan insists on the recognition of her influence in Korea and the opening of Yonampoh and other ports to foreign trade. Russia is willing to concede something, but she opposes the opening of Yonampoh on the ground of its proximity to the mouth of the Yalu river, on the ground that it will threaten her interests and complicate her difficulties in Manchuria.

RUSSIA WANTS SETTLEMENT.  
Russia is doing everything possible to bring the negotiations to a conclusion. Viceroy Alexieff has the czar's orders to this effect. Russia believes the problem to be a pacific one, which is attributed to foreign counsel. The chief fear expressed here is that the hordes of the United States' "continuous" pressure in connection with the open door policy will lead Japan to rashness.

UNCLE SAM'S PLANS.  
The Russian view is that no reason exists why the United States should not become involved in a quarrel at the instigation of Russia's enemies, when her interests, comparatively insignificant, are not yet involved. It is pointed out that last winter and spring the United States was aroused by the persistent declaration in the British and Japanese press that Japan would never permit China to sign a commercial treaty, yet it was signed on the date fixed.

CHINA'S ANGER.  
The sudden flash of anger in China over the Russian re-occupation of Mukden, because it is the old burial place of the ancestors of the present dynasty, is not considered grave, as China's impotency is recognized.

Nevertheless, all steps will be taken to avoid a rupture, as China's friendship is needed for the present. Despite the conviction here that the crisis has passed for the winter, Russia is taking nothing for granted.

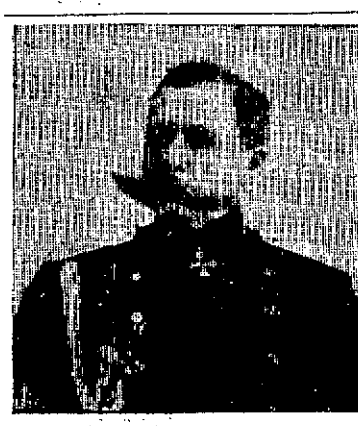

Three-quarters of her feet is massed in Oriental water.

Travelers who have just returned from Port Arthur report that the trains from the eastward are still full of troops and war material. It is estimated that Russia now has more than 150,000 troops east of Balkal prepared for eventualities.

A telegram from Port Arthur says Yuan Shi Kai, the Governor of Chi Li province, is expected in the province of Mukden at the end of November to negotiate with the Russians.

STOLE A SLOOP AND IS CAUGHT.  
Judge Smith this morning held August Oman to answer to the Superior Court in the sum of \$2000 for grand larceny.

Oman, who lives in San Francisco, was accused by Olaf Anderson of 1830 Seventh street, this city, of having stolen his sloop Valkyrie from her moorings and taken it across the bay. Accompanied by a brother-in-law, Anderson found his vessel partly loaded with plunder from another craft and Oman. The whole cargo was brought to Oakland and turned over to the police.

#### BANKER DIES SUDDENLY.

PRESIDENT OF THE FIRST NATIONAL AT SAN JOSE IS DEAD.

SAN JOSE, Cal., Nov. 27.—George M. Bowman, president of the First National Bank, president of the Golden Gate Packing Company, and one of the wealthiest and most prominent and enterprising citizens of this city, died suddenly at three o'clock this morning.

Yesterday Mr. Bowman complained of feeling ill and did not partake of the Thanksgiving dinner. He rested fairly well last night and no doctor was called. This morning he again complained of feeling ill and a doctor was sent for but before he arrived Mr. Bowman was dead. The cause was apoplexy. The deceased was 65 years of age and a native of Iowa. He came to California in 1865, was with Wells, Fargo and Company for a while, then entered into the fruit canning business, being one of the pioneers of that industry in this valley. Several years ago he became a banker. He was a prominent Mason, a man of high character and closely identified with the movement for civil development. He leaves a family.

#### THEY FEARED TO TAKE A CHANCE.

J. A. Gregg and Daniel Murray were arrested November 17 and 20, respectively. Gregg was booked for vagrancy and Murray for begging. When arraigned each entered a plea of not guilty and their cases were set for December 2 for trial. After fasting themselves upon the 5-cent meals furnished by Jailor Curtis they thought they would change their plea and were escorted to the dock this morning. When called upon to plead Murray said he was not guilty, but had been told that if he would say he was, the judge had agreed to discharge him, and wanted to know if that was true. He was told he could change his plea or not, as he pleased, but that the judge was not promising in advance what kind of decrees he would render. The men adhered to their former pleas and will be tried December 2.

#### JULIUS HOLLISTER IS VERY ILL.

HAYWARDS, Nov. 27.—Julius Hollister, one of the prominent residents of this place, is very ill at his home on the Mount Eden road. He is not expected to live through the day.

Mr. Hollister is a director of the Bank of Haywards and the owner of a large ranch in Haywards.

### OFFICERS BATTLE WITH BOLD BANDITS.

Two Members of the Gang Captured After Several Lives Are Sacrificed.

CHICAGO, November 27.—Harvey Van Dyne and Peter Niedemier, accused of sensational murders and robberies at street car barns in Chicago, are supposed to have been trapped in a dugout near Miller Station, Indiana. The dugout has been surrounded by the local police. Urgent telegrams for help reached here today and fifty men under Captain Schuetzler, assistant chief of police, left at once for Miller Station, armed with Winchester rifles and revolvers.

FUSILLADE OF SHOTS.  
Reports from the place say that a fusillade of shots has been exchanged between the men in the dugout and the local police.

Two of the latter have been wounded. The battle is said to have been a furious one.

With the telegrams came requests for a physician and a priest. Chief of Police Sheehan of Miller Station, in his telegram, reported that he had no reason to doubt that the men surrounded are accomplices of Gustave Marx, the self-confessed bandit who has been under arrest in Chicago for several days.

FIFTY POLICEMEN SENT.  
Fifty policemen were hurriedly dispatched from this city on a special train. The dugout is in a wild section of country on the shore of Lake Michigan and bordering the vast swamps that stretch to the southward. The few residents near the scene are reported to have rallied to the aid of the police.

WOUNDED POLICEMEN.  
Several volleys with rifles were sent into the dugout, but the bandits kept under cover. It is thought that one of the bandits was injured.

The wounded policemen were taken to Miller Station and arrangements made to flag a fast train to hurry the victims to Chicago.

BANDITS SURROUNDED.  
The bandits were surrounded after having been tracked across the sand dunes of Indiana, along the lake shore. The place where they were trapped was a so-called dugout or hunter's rude hut. The trailing of the bandits was done by a detail of Chicago detectives, not local Indiana officers as first reported. Watched all night by the detectives, the bandits today made a bold attempt to escape and shot two of the would-be captors, one seriously.

REPORT OF SHOOTING.  
The report of the shooting reached Chief O'Neil just as he was preparing to send out fourteen detectives under Assistant Chief Schuetzler. The detail was instantly increased to fifty men and they were rushed on a special train.

"Shoot to kill," Chief O'Neil sternly ordered the fifty men, and on the way to Miller Station, Assistant Chief Schuetzler repeated the order emphatically.

MEN WERE TRAPPED.  
The men were trapped by Detective John Sheehan, at the head of ten other detectives. They were men in the vicinity Sunday and through a tip received from a man in Pine Indiana, a town seven miles from Miller Station, who had seen one of the men display a big roll of bills.

The pair were finally located in the dugout near the Baltimore and Ohio train at a short distance from Miller Station.

OPENED FIRE.  
The desperadoes realized that they were cornered and opened fire on their captors. The latter replied with interest, but confined themselves chiefly to keeping the bandits well in hand until reinforcements could arrive.

The bandits attempted to escape and this resulted in the wounding of Detectives Zimmer and Seymour.

The battle continued for hours, but both the officers and bandits were exceedingly wary and neither side scored. Over 100 shots were exchanged. The police were forced to fight at a disadvantage, using the embankment for railroad tracks as protection.

SCENE OF SHOOTING.  
The scene of the shooting would stage the wildest of vendettas. Detective Sheehan said: "I am firmly of the opinion that if we try to starve them out we will have a long time doing it. The situation of the cave, the tracks in the snow and the bravado of the men make me think that it is well-stocked with both provisions and ammunition."

Evidently the bandits had selected the

cave as a place of refuge long ago.

KILLED THE BRAKEMAN.  
Chief O'Neil this afternoon received word from the Pennsylvania Railroad that apparently the bandits had escaped from the posse. The report says that three men, bloody and disheveled, held up a train on the Pennsylvania Railroad at East Tolleston, Ind., and shot and killed a brakeman and had forced the trainmen to carry the trio of assassins to Liverpool, Ind., where the trio jumped from the train and headed for the Michigan Central track.

SHOT IN STOMACH.  
Detective Driscoll, shot in the stomach and mortally wounded, and Detective Zimmer, who is a brother of Alderman Zimmer, shot in the head and arm, were brought to Chicago at noon. Driscoll was unconscious. Zimmer's arm was broken and his head bleeding, but it is said he will live.

THIRD MAN.  
The description of the third man is that of Emil Roaski, one of the alleged accomplices in the car barn robberies.

The trio escaped from the cordon formed about the cave before the reinforcements under Assistant Chief Schuetzler arrived. At a favorable moment, when some of the officers were attending to their two wounded comrades, the bandits made a dash for the railroad track, crouching and shooting as they ran.

They made a desperate rush across the country five miles, reaching the Pennsylvania Railroad at East Tolleston, where, at the point of their revolvers, they forced their way by the freight train to Liverpool. The brakeman killed in fighting for control of the train was T. J. Fazio.

AFTER THE BANDITS.  
As soon as possible after the escape from the cave, Captain Briggs, in charge of the Pennsylvania system of police detectives, started with a special train for Liverpool in an effort to intercept the bandits. He took a locomotive and one car from the first passenger train that ran into the Union depot, loaded it with firearms and ammunition and, after swearing into service as many men as he could find, started for Liverpool at a high rate of speed. The railway company in the meantime sent telegrams along the line calling for volunteers to assist in rounding up the fugitives.

The orders were to capture the men, dead or alive. Soon hundreds of men, sworn in as deputies at Aetna, Crown Point, Liverpool and Tolleston, were engaged in the man-hunt.

In the deserted cave was found cartridges and food and the interior gave every indication of having been occupied for several days.

TWO CAUGHT.  
This afternoon the officials of the Pennsylvania road received word that two men supposed to be the bandits had been captured in a sand pit near East Tolleston by railroad hands.

A third man escaped. Another dispatch stated that Van Dyne had been captured near Liverpool.

THE MURDERS.  
CHICAGO, November 27.—The murders of which Van Dyne and Niedemier are accused occurred early in the morning of August 30 last, when, in the robbery of the street car barn at Sixtieth street, Clerks Stewart and Johnson were killed and Clerk Biehl seriously injured. The robbers escaped with \$3000. Last Saturday night Gustav Marx, one of the robbers, was arrested in a saloon here, but not until after he had shot and killed Detective John Quinn and had been shot twice by another detective. A few days later Marx confessed and implicated the man who today gave battle to the officers in Indiana.

TWO SHOT.  
After a pitched battle in the sand pit of East Tolleston, sand heavers and section hands in the employ of the Pennsylvania Railroad shot and captured Van Dyne and Niedemier. Both were seriously wounded. Van Dyne having been shot in the head. The men were disarmed, placed on a special train and taken to Liverpool. The third man, who, it developed, was the man who shot brakeman Fazio, escaped, after exchanging shots with the railroad men.

DETECTIVE DIES.  
Roaski, according to a late report from Liverpool, is still at large. Driscoll, the wounded detective, died this afternoon.

### CRANK DEMING HANDS A LETTER TO PRESIDENT.

NEW YORK, Nov. 27.—Just as the funeral services were concluded, a man who attempted to force his way to the President and hand him a letter, was arrested. He gave his name as Arthur P. Deming, 65 years of age, of Jersey City.

He said he was born in the United States and was a manufacturer of a medicine to cure every disease. When the President left the church he departed by a side entrance leading to Twenty-third street. Deming had in some way been allowed to gain access to a small ante-room and in that manner was directly in the President's pathway.

Deming said later:

"I handed the President the letter and said: 'Please read this on your way out.'"

CURE FOR CANCER.  
When Deming held out the letter, the President took it and handed it to a Secret Service man. Deming was then pushed back and placed under arrest. He said that he was A. E. Deming, of 170 Broadway, and that he had a cure for cancer which he wished Emperor William to try. He wanted President Roosevelt to write a letter to the Emperor recommending the cure. The President was untroubled by the incident. With Mrs. Roosevelt, he entered his carriage immediately and was driven to the Twenty-third street ferry to take the train for Washington. Deming was taken to the Tombs police court. Before being arraigned he said:

"I don't know why the President did not keep my letter instead of handing it to a policeman. It is a charcoal cancer cure that cannot fail. I wanted President Roosevelt to write to Emperor William, recommending it to him."

ONCE IN THE HOUSE.  
It is said that Deming is the man who on May 19, 1906, appeared at the House of Representatives in Washington and startled the House by suddenly standing from the gallery: "Halt, order by the grace of the Lord, listen," and then having received the desired attention, proceeded to make a speech to that branch of the United States Congress. Three or four policemen finally hustled him away and escorted him outside the building.

It is also said that last April he appeared at the White Star Line pier as J. P. Morgan. Several years ago he was harmless. Several years ago he was harmless. Several years ago he was harmless.

SENT TO BELLEVUE.  
Deming was later committed to Bellevue Hospital for examination as to his sanity. He told the magistrate a rambling story in which he said that he was in the clothing business in Oakland, California, for twelve years, but that for the last 21 years he had been in New York and vicinity. He said he had met every President from Grant to McKinley.

HE IS HARMLESS.  
The officials at the detective bureau said the man appeared to be perfectly harmless and rational on every subject except that of his remedy. Nothing was found on him to injure any one.

Deming told the officers that he depended on God to guide him in his business affairs.

KNOWN IN SAN FRANCISCO.  
SAN FRANCISCO, Nov. 27.—Arthur P. Deming, who was arrested in New York today while trying to hand a letter to the President, is well-known in this city and is regarded here as harmless. Several years ago he was a familiar figure on the streets, where he sold powdered charcoal as a remedy for indigestion. Occasionally in a crowd he would attract attention by shouting "Prepare to meet thy God," and once was taken into custody for disturbing a meeting in this manner.

AN OAKLAND MAN.  
Deming lived in Oakland for a great many years and was looked upon as a religious crank. He carried a banner into the First Congregational Church one Sunday bearing the message "Prepare to Meet Thy God." He was looked upon here as harmless.

#### HE IS CHARGED WITH MURDER.

MRS. LILLIE COIT IS VERY ILL AT THE PALACE HOTEL.

SAN FRANCISCO, Nov. 27.—Alexander Garnett, who on Wednesday night fatally shot Major J. W. McClung, was today booked for murder by the police. He will be brought into court tomorrow, but it is thought that his case will be postponed until after the coroner's inquest, the date of which has not been determined. Garnett is reticent regarding the affair, persisting in his statement that the shooting was accidental.

Mrs. Lillie H. Coit, in whose apartment at the Palace Hotel the tragedy occurred, is seriously ill. She has been a sufferer from heart weakness for some time and the excitement attending the shooting has greatly increased her condition.

Mrs. McClung is also suffering greatly from the shock. Her daughter, the wife of Lieutenant Frederick Horne, U. S. N., is convalescing from a severe illness and has not yet been told of the affair. Lieutenant Horne arrived here today from San Diego.

#### PAID THE PENALTY FOR MURDER.

ALFRED J. FRITH IS EXECUTED IN VICTORIA.

VICTORIA, B. C., Nov. 27.—Alfred J. Frith, who murdered Fred J. Bailey, naval store-keeper, at Esquimalt on June 27th, by shooting him after displaying him into the naval store house, was hanged today. He met death with the same nerve which has characterized his attitude since the murder.

Cool and without bravado he walked erectly up the stairs until assisted upon the scaffold, stepped onto the trap, stretched his neck out and waited for the noose.

Frith died instantly, his neck being broken by the fall.

#### SENATE ADJOURNS.

WASHINGTON, Nov. 27.—After a session of twenty-five minutes duration, the Senate adjourned today until next Tuesday.

The business of the Senate was confined almost exclusively to the introduction of relief bills.

# EX-CONVICT IS AFTER INDIAN COWBOYS.

HE WAS OUT OF PRISON TWO DAYS WHEN ARRESTED. U. S. TROOPS RIDE ALL NIGHT AND PREPARE FOR A BRUSH.

Out of San Quentin but two days, M. George Brown, with many aliases this morning pleaded guilty to a charge of burglary and was sentenced to prison for eight years by Judge Ellsworth. Brown says that he was the victim of hard luck and was stealing enough to get away on when he was caught. His haste to plead guilty made the officers wary of him and an investigation was made and the fact that he had been so lately in prison was discovered. Under the name of George MacPherson, Brown was sent to San Quentin on a charge of burglary. He was liberated on the 2d of this month and on the 5th was arrested by Detective Kite for having burglarized the residence of Mrs. Martha O'Brien on Cedar street. He was met by a neighbor coming out of the house with a package of stuff that he had stolen after having forced the bolt on the rear door of the house. The police were notified and he was taken into custody shortly afterwards with some of the stolen stuff still in his possession.

After a day in jail Brown stated that he was willing to plead guilty if they would file a charge against him immediately and let him begin his sentence as soon as possible. His haste in the matter caused Deputy District Attorney Brown to delve into the case and he unearthed his prior record. When taxed with it Brown was also willing to admit it, and when he asked the judge this morning to be as lenient as possible the prior caused the judge to remark that there was something little reason to show leniency when he had so recently got out of jail only to commit a similar offense. The judge stated, however, that he would not give him the limit, which is ten years and let him off with eight.

## HE IS RECEIVED AT THE VATICAN.

ROME, Nov. 27.—The Pope today received in private audience Senor Ponca, the Colombian minister at London, who presented his credentials as special envoy to the Vatican. The Pope was interested in the particulars furnished him regarding the recent events in Colombia and Panama and informed Senor Ponca that he had recalled to Rome, Mr. Vivar, the Apostolic delegate to Colombia, as he would be included in a new movement of Papal diplomacy.

The Pope also received Senor Constantino Jernin, envoy extraordinary of Costa Rica to the Vatican, who presented his credentials.

**CASE OF SMALLPOX.**

Another case of smallpox was reported to the health office this morning and Sanitary Inspector Gemmel was promptly dispatched to quarantine the premises, 355 East Sixteenth street, where it was

## COAL STRIKE IS UNCHANGED.

SALT LAKE, Utah, Nov. 27.—Advices from Scofield and Sunnyside, Utah, today state that the coal strike situation at those points is practically unchanged. There have been no attempts to start the mines with large non-union forces and no disturbances of consequence are reported. Very little coal is being mined at those points, while at Castle Gate the shut down continues complete.

The mine owners and smelter officials are growing apprehensive of the result of the coal strike and it is stated that should it continue for two weeks longer, the result may be the practical shutting down of the immense smelting plants at Salt Lake and vicinity.

## KING'S HORSES NOT TO COME.

LONDON, November 27.—King Edward has decided that he is unable to accept the invitation to send some of his horses to the St. Louis exposition. The declaration is accompanied by an expression of much regret, but it is explained that the king has made that an invariable rule not to enter horses in a handicap race.

## CHARGED WITH CONSPIRACY.

FOURTEEN MINERS ARE ARRESTED FOR ALLEGED VIOLATION OF LAW.

TELLURIDE, Colo., November 27.—Fourteen union miners, including Pres-

ident Guy E. Miller and secretary Oscar M. Carpenter, charged with conspiracy, have been arrested by Sheriff Rutan since the troops arrived in this district. President Miller was held while talking to the other men in the jail. No warrant has been sworn out for him.

Former Attorney-General Engley appeared as counsel for the union men who were arraigned today before Justice of the Peace Robinson for preliminary examination. "In arresting President Miller," said Mr. Engley, "I think the sheriff overstepped the bounds of his authority. He had no warrant and President Miller's action in talking through the bars to men imprisoned in the jail constituted no offense. As to the other arrests, warrants had been sworn out and the sheriff was merely performing his duty. The cases against these men amount to nothing and I am convinced that they will be released."

Sheriff Rutan today released President Miller from custody. The sheriff said Miller was locked up on account of his persistent efforts to see the union men

## ON THE VERGE OF REVOLUTION.

COLOMBIA MAY HAVE TROUBLES OF HER OWN.

WASHINGTON, November 27.—The State Department has received advices from Beupre at Bogota, dated November 25, in which he states that considerable excitement prevails at the Colombian capital; that there is much talk of raising an army, but no troops have yet been enlisted and there are rumors in the city of a revolution in the State of Cauca directed against the Marroquin government.

Rumors have reached the State Department from another source that the General Reyes' mission to Washington is primarily to try to array opposition of Senators against the ratification of the Bunau-Varilla-Hay canal treaty.

BOXALL IS HELD TO ANSWER.

SAN BERNARDINO, Nov. 27.—William

Boxall was last held in \$10,000 bail to answer in the Superior Court to the charge of assault to commit murder, for shooting Charles R. Lloyd last January. Judge Osler refused to hold Fred Lloyd and Horace Little, charged with complicity in the offense.

The Court held that while there were many suspicious circumstances indicating a conspiracy to extort money, he did not think there was sufficient evidence to prove the existence of a conspiracy to kill Lloyd. The Boxall sisters were on the stand and rehearsed all the details of the scandal which, it is alleged, led to the attempt on Lloyd's life.

## Her Death Might Have Been Avoided.

A BEAUTIFUL YOUNG LADY SHOULD HAVE BEEN ENJOYING THE HOLIDAY SEASON.

About a year ago thousands of Oaklanders were acquainted with a singer in one of our churches whose sweet voice and winsome manner made friends wherever she went. The inclination of her engagement was published and everybody showered on her the most sincere congratulations. Just when it seemed as if her cup of deserved happiness should be full came the report that she was entering a sanatorium.

As the weeks passed the early fears were proved to be too well grounded. The old conventional treatments were given, but with no apparent result, and each day brought her nearer to the grave. After her death it was discovered that what the young woman wanted was not medicine but nerve and blood food. Overwork had overcome the nervous system and the rest was only to the ravages of the wasting disease.

This unhappy woman wanted just what "Maltol" could have supplied—what it is supplying to hundreds today—food for the nerves and the blood. Had it been used in the case referred to there would doubtless have been a one eventful year more in the world, and will soon be singing the thrilling Christmas music.

"Maltol" is not medicine; it is a food, a builder. It is being used today by hundreds of men and women, and it is making flesh and blood for them.

This great food is priced at \$1.25, but we sell it at the cut rate of \$1.00.

## Many Friends Attend the Funeral in San Francisco.

**SAN FRANCISCO, November 27.—**At 1 o'clock this morning the big bell on the Hall of Justice was struck sixty-three times in honor of Samuel Rainey who was buried from his residence at 1-09 Golden Gate avenue today.

Rainey was 63 years of age and the peal of the bell told the city that his body was being borne to the grave at the San Francisco Cemetery and it also told his age.

Sam Rainey's late residence was crowded with people this morning. They represented all classes of people but the majority were members of the members of the fire department, with whom Sam Rainey had always been on terms of intimacy.

There were also many women and this told in a few minutes of many kindly acts of the dead man.

**FLOWERS IN PROFUSION. ●**

Flowers from the simple wreath to magnificent set pieces were there. Perhaps the handsomest of the offerings

Services were held in the house, the Rev. Clarence Reed officiating. Dr. Reed paid a tribute to the memory of the dead man, and said that his life had been splendid well. He had done many acts of kindness and charity for which he never

DECLARES THE ALAMEDAN  
SEEKS AND GENERALLY  
FINDS TROUBLE.

Dr. T. L. Carpenter, the veterinarian in Alameda, formerly of this city, has changed his name. He has withdrawn his charges against the California State Board of Veterinary Surgeons and the members of the State Veterinary Medical Association. These charges, among other things, alleged that Carpenter had been unjustly treated by the Board of Medical Examiners, in that his name had been removed from the list of veterinarians published by the association.

In this complaint, Dr. Carpenter was charged by Dr. George Shannon of Fresno with the falsification of a license of veterinary medicine of this city and Dr. W. C. Williamson of San Francisco.

Dr. Carpenter announced that he will not prosecute Dr. Shannon and Dr. Williamson and that among the defendants will be Dr. R. A. Archibald, veterinarian of Alameda.

The facts of original complaint were brought to the attention of Governor Goodridge, and, in commenting upon them, he said:

judicial and that he would recommend that the changes be first brought before the board of the Veterinary Association. Dr. Carpenter and the others asked for the removal of certain officers of the larger organization and the State Board of Agriculture. Commenting on Dr. Carpenter's action and announced purpose, Dr. R. A. Schuchwald, the local defendant, said to the board:

"Dr. Carpenter has got a license. I guess his name was left off the list. I thought I had seen it. I guess he was one of the dozen other names were omitted. It was the first list published and, of course, there were mistakes. There is no ground for what I can see for you to proceed. He is looking for trouble and, like a man in that condition, he generally finds it. I have known him fifteen years and during that time, for one of that type, he hasn't been making trouble and that is why he is kicking now."

## BIG HANDICAP IS WON BY CLAUDE.

Many Features at Emeryville Track Yesterday, Including Two Bad Accidents.

The afternoon of sport at the Emeryville track yesterday was full of features. In the first place there was a record-breaking attendance, being freely estimated at from 10,000 to 15,000 people. The big grand stand was packed to overflowing and the lawns and wide walks in front of the stands were black with humanity.

Feature number two was the Thanksgiving handicap at a mile and a furlong, which was worth over \$2500 to the winner and which was captured by Claude, one of the greatest stakes horses of the age. Feature number three was the fall and killing of Earl W. in the third race and the escape of Jockey Kuntz, practically unhurt. It seems that the horse was attacked with heart failure and fell, expiring in a few minutes afterwards.

The fourth and last feature was the fall of Augie in the last race of the day. It was a mile and a sixteenth and as the horses reached the grand stand Augie stumbled and fell, killing over his jockey, J. Lewis. The horse was picked up insensible and carried to the jockey's room where he soon came to all right. He sustained a few bad bruises but otherwise was unhurt.

The main event of the day, the Thanksgiving Handicap, attracted the greatest interest and it was a grand race and the ten horses got away to a beautiful start. Claude, the great day-by-winner, took the lead early in the race and maintained it to the wire. J. Dally, who had the mount, rode with excellent judgment and the great son of Lisack was never really in danger. Claude managed to poke his nose in front of Grail at the finish and get the second division of the purse and Grail beat Lord Melbourne by six lengths for the show money. Claude went to the post a 3 to 1 choice while Ben MacDhul and Proper were equal favorites at 3 to 1.

The talent had a bad day yesterday in picking winners and only two of their choices won. They were Sol Smith in the second race and E. M. Brattain in the fifth. The winner carrying the biggest odds was Claude. The start in each race was excellent and the finishes were fairly close, enough so to make it exciting for the spectators. The track was somewhat heavy especially near the rail. Following is the result of the events:

AVERAGE PROFIT EARNED WEEKLY ON \$50 IN OCTOBER, \$50.44  
TOTAL PROFITS EARNED ON \$50 IN OCTOBER, \$201.75

## YOUR MONEY WORKS WHILE YOU SLEEP

OUR FAMOUS CORPS OF TRACK SHARPS ARE UP AT BREAK OF DAY, "CLOCKING" THE HORSES IN THEIR MORNING TRYOUTS AND WHILE YOU SLEEP THEY SPOT THE WINNERS THAT BRING YOU STEADY INCOME.—OUR METHOD PUTS YOU ON A LEVEL WITH THE MOST SUCCESSFUL PLUNGERS ON THE AMERICAN TURF. WE OPERATE FOR YOU FOR 25 PER CENT OF WEEKLY EARNINGS.—WE WIN ONLY WHEN YOU WIN.—RESULTS OBTAINED REALLY "BEYOND DREAMS OF AVARICE."

Again we scored heavily for all of our clients last month. Again we landed the money and landed it in chunks. Three years of organization, with the best facilities that money and brains can procure to make our service of picking and backing winners at the horse races the most accurate and profitable in the land, has had its natural sequence, and each week our showing demonstrates a good profit for every client.

## How \$50 Netted \$201.75 in Less than a Month

Here is a complete statement, showing the result of a \$10 play on each horse given in our "Discretionary Series," during October. (Note: A capital to begin with of \$50 is required by us, as a matter of conservatism, to make a \$10 play on each horse that is considered by us a good betting proposition.)

## BIDDY BISHOP TO HANDLE CLUB.

BERKELEY, Nov. 26, 1903. Sporting Editor TRIBUNE: My dear sir—The members of the Sequoia Club have arranged with me to make matches for their club and I have about completed arrangements with Tommy Riley to meet Billy Woods on December 16. If Riley does not have his forfeit posted by Monday I will arrange with another middleweight to meet Woods on that date.

George Cole, of Philadelphia, wants to come here to box Woods and I may take him. Fighters must positively post a forfeit upon signing articles if they want to box at the Sequoia Club during the time that I am interested in the club for I do not propose to have an audience disappointed. When men have their money placed to guarantee their appearance in the ring there is little fear in that respect and I intend to have their money up before I go ahead with any matches. Yours very truly,

BIDDY BISHOP.

## SPAIN ANGRY WITH VENEZUELA.

WASHINGTON, November 27.—Spain has taken the first step toward a breach of relations with Venezuela. The State Department has been notified that the former Government has withdrawn the exequators of all Venezuelan consuls in Spain. It is surmised that this action is taken because of the ill treatment accorded the Spanish minister to Venezuela as a result of the Mexico-Venezuelan arbitration and the disrespect shown the Spanish consul at La Guayra.

## PLASTERERS WILL BANQUET.

There will be a special meeting of the Plasterers' Union tomorrow night to hear the report of the committee that is arranging for the annual banquet which takes place next Thursday evening, December 3, in Kohler and Chase hall. The affair is tendered by the plasterers to the bricklayers and hod carriers. The three unions number 150 and 175 members so the gathering will be a large one. The boss plasterers have also been invited to attend.

The occasion will be enlivened by a program of singing, buck and wing dancing, boxing and club swinging. Speeches will also be made by prominent members of the three unions.

The plasterers say there is no truth in the report that the San Francisco union may strike unless their demands for an increase in pay from \$3.50 to \$4.50 a day are met. Across the bay the men get \$5.50 for eight hours' work, not \$4 has been stated, \$3.50 and are well satisfied. In Oakland the wages are \$6 a day. There is a perfect harmony with the bosses here—not a single misunderstanding having taken place for over a year.

**BENEFIT PERFORMANCE TONIGHT.**  
This evening in Peck's Theatre will be a benefit for the striking lumbermen of Ft. Bragg. The affair is given under the auspices of the Federated Trades' Council and will be well patronized by all friends of union labor.

**MATERIAL TEAMSTERS' DANCE.**  
Next Thursday the material teamsters will meet and make final arrangements for the dance to be given by the union on the following Saturday in Armory hall, Twelfth street, between Broadway and Franklin.

**TALLYMEN.**  
At the next meeting of the Tallymen's Union on December 5, it is expected that a large number of new members will be taken in. These will be recruited from the ranks of the Longshoremen's Union to which they belong.

**CLOAKMAKERS' DANCE.**  
The striking cloakmakers of San Francisco will give a dance Saturday evening in Scottish hall.

**STABLEMEN.**  
Monday evening the Stablemen will meet to make plans for the enlargement of the co-operative stable on Sixth street, which has more business offered than it can take care of.

**CARRIAGE AND SIGN PAINTERS.**  
Two candidates will be taken into the Carriage and Sign Painters Union at tonight's meeting.

**ANNIVERSARY BALL.**  
Furniture, Piano Drivers and Helpers Union, No. 544, of San Francisco, gave its first anniversary ball last night in Union Square Hall. A large crowd was present.

**DISTRICT COUNCIL OF CLERKS.**  
The District Council of Clerks honored its first anniversary with a dance in Elmhurst Hall, San Francisco, last night. The crowd was large and the evening proved most enjoyable. The proceeds will

## AN IMAGINATIVE PEOPLE.

"The Puritans were a stern and unimaginative people," says a writer in the San Francisco Call.

Stern they were, indeed, but not lacking in imagination. The most gifted poet produced by the English race, the one with the most glowing imagination—John Milton—was a Puritan. Nathaniel Hawthorne, the greatest novelist America has yet developed, was a Puritan. Cromwell was himself a man of vast imagination.

While the theology of the Puritans was gloomy and their practice of it severe, it was potent to kindle enthusiasm and to fill the mind with vivid pictures. The mind of the Puritan was peopled the air with strange shapes, demons and evil spirits. The Puritan saw visions and walked through life with footsteps dogged by the Evil One and with his peace threatened by witchcraft and conjurations. The severe formality of his garb, worship and manner belied the smouldering passion in his soul.

When the facts come to be examined, it will be seen that the lack of imagination was on the side of the Cavalier instead of the Puritan. Even the vein of superstition in the Puritan mind took on lofty and splendid aspects; there was grandeur of imagination in the Puritan conceptions of the remorseless and relentless Deity, with His awful punishments.

On this continent the work of the Puritans show ardency of imagination tempered by cold, practical sagacity. Wendell Phillips and Stephen A. Douglas were two divergent developments of Puritanism. We see another example of it in the flaming rhetoric of Sargeant S. Prentiss and still another in the broad but sane and clear vision of Benjamin Franklin. Stonewall Jackson was but a variation of the Puritan type—a man who, in imagination commanded with angels and fought with God by his side.

Thomas Starr King was a product of Puritanism stripped of the husk of formalism and Calvinism. The colossal imagination of C. P. Huntington was of Puritan origin. In truth, one wonders that anyone who had given them even passing study should have called the Puritans unimaginative. Their peculiar religious tenets gave their imaginations strange bends, but that glowing spectroscopy of the mind that we call imagination was not lacking in them.

It is a most unpleasant feature of the labor situation that troops have been called out in Colorado and Utah to suppress riotous disturbances growing out of strikes. In Chicago the police were for several days almost continuously fighting mobs that were rioting in consequence of a strike on the street railroads. The strikers have lost their fight, having decided to call off the strike and return to work. At the same time, further cuts in wages are announced in the New England cotton mills. While these indications are far from satisfactory, they are clearly admonitory in a sense. The lesson to be drawn from them is that this is not a good time to strike; and further, there is more tension in the industrial situation than we would like to have. The present is an excellent time for an exhibition of wise leadership in the labor ranks.

## EDUCATION NOT EVERYTHING.

The Fresno Republican seems to think educating a man for a penologist will make him a good prison administrator. Now certain qualities of temperament and character are requisite in an ideal prison manager. These attributes are not produced by technical education, though special training may develop and discipline them. If a weak, yielding person of little discriminating power were given all the technical training in the world, he would never be a good prison manager. All other things being equal, the trained man is better than the untrained, but an untrained man of strong mind, firm will, just intentions and a capacity for discrimination and differentiation is far preferable to a trained man of no strength of character.

One of the weakest and most worthless criminals that ever got into a California prison was the son of an eminent Eastern penologist, who had given his son a thorough training in practical penology. The result was a convict instead of a prison manager. Mr. Yell, the new Warden at Folsom, had no practical experience, but he is a man of character, courage and intelligence, which are the best elements of a good prison manager. He is entitled to a fair trial before being condemned. A much better judgment can be formed of his capacity at the close of his term than before it begins. Our Fresno contemporary refuses to be satisfied with anybody who is not imported from the East, but it should at least give Mr. Yell a fair chance. Competent prison managers in numbers are not running around loose anywhere and the Prison Directors might have gone a good deal further than Mr. Yell to get a less satisfactory man for the job. Let us chew the string of Mr. Yell's qualifications before chewing the rag so much about his selection.

## A PECULIAR PROSECUTION.

In discharging James W. Erwin, indicted for alleged complicity in the scheme to defraud the government through the Postal Device Development Company, Commissioner Heacock referred with pointed emphasis to the immunity granted D. S. Richardson, who testified on the stand to bribing various postal officials and to being the chief promoter and largest individual beneficiary of the conspiracy. In the commissioner's commentary, there is discernible the significant query, "Why was Richardson given immunity to testify to his own guilt in the effort to fasten a crime on an innocent man?"

Placing the very worst construction on Erwin's acts, he was only guilty of an offense trifling in character as compared with the numerous acts of criminality confessed by Richardson. It is apparent, however, to any discriminating mind that Erwin was guilty of nothing worse than indiscretion, due to his desire to be obliging to his official superiors. Commissioner Heacock, in his decision, said of Richardson:

"Although it appears by his own evidence that he is a co-conspirator with Beavers and Machen to defraud the Government, whose interest, as an officer, he is sworn to uphold and protect, no indictment hangs over him; he may voluntarily incriminate himself without fear of punishment, while incriminating his co-conspirators; since he is possessed of such knowledge and thus free to reveal the whole truth."

Further on he said Richardson's testimony "completely exonerates Erwin from connection" with the corrupt stock transactions.

Now why was an attempt made to punish Erwin for crimes committed by Richardson? And why was Richardson used as a witness to further this scheme?

## WHERE CUBA BENEFITS.

The American Economist exposes the fallacy of the assertion that Cuban products cannot be exported to the United States unless the tariff duties are lowered. It shows that under the existing tariff restrictions that Cuba has a balance of \$8,000,000 in her favor as a result of trade with the United States in 1902. The figures are as follows:

The imports that came into the United States from Cuba in 1902 amounted to... \$34,694,682  
Exports from the United States to Cuba... 26,629,500

Balance in favor of Cuba... \$8,071,182  
It is asserted by those who have given the subject study that Cuban imports into this country will speedily rise to \$100,000,000 a year in case a flat reduction of twenty per cent is made in duties. The balance of trade will go on piling up in favor of Cuba and against the United States with the lowering of duties and the increase of imports.

According to a bulletin issued by the Interstate Commerce Commission the railroads of the United States killed 9,554 persons and injured 45,977 in the year ending June 30, 1903. The total number of accidents, 49,531, cost the railroads \$9,593,977 property loss, as compared with \$7,645,406 for the previous year. The increase in the number killed was 735 and in the number injured 6,179.

The immense and increasing number of casualties attending railway operation emphasizes the necessity for double-tracking trunk lines and abolishing grade crossings in thickly populated districts. It is a frightful commentary on our system of railroading that nearly 50,000 persons should have been killed and injured in railway accidents during a single year.

American Democracy has been stricken in its most vital part. In London William Jennings Bryan is wearing a plug hat and hobnobbing with the British nobility. No ways so painful to the Bourbons of New York has crossed the reeling Atlantic since John Van Buren danced with Queen Victoria. It's about time for Tammany, the Iroquois and other wild tribes of the primitive Democracy to raise the death song and fire the tepees to despair.

The statement the Powers desire the reforms to be instituted in Turkey shall be carried out in a way that will not offend the Sultan is not calculated to encourage the hopes of the Macedonian Christians. Reforms that will not offend a Turk are not likely to benefit anybody very much.

It is well perhaps for John D. Rockefeller Jr., that he said nothing about giving short measure in oil when he condemned grocers for giving short weight in sugar. We are informed by a gentleman familiar with the oil business that every alleged five gallon can of oil sold by the Standard Oil Company is short in quantity. The cans are manufactured according to the Standard Oil Company's specifications, and each holds a little short of five gallons. The oil will not measure out five gallons nor can five gallons of any

should be put in the cans. It appears therefore that young Rockefeller's respected sire is extensively engaged in the short measure graft himself. Next time the young scion of the house of Standard Oil has occasion to rebuke the dishonest practices of tradesmen, he can touch the pocket nerve of his family by saying something on the subject of this can graft.

Senator Newlands' resolution favoring the annexation of Cuba seems to have acted on some of his Democratic colleagues much as a cookie-burr under the saddle blanket does on a sensitive mule. The bucking and pawing have been something tremendous.

The editor of the Stockton Independent must be trying to be a boy again. He is discoursing principally on cherries and nuts.

## COLLEGE BOYS TO FORM FIRE BRIGADE. WHEELER TELLS FAMILY LIVES IN TERROR COLLEGIANS OBSERVE THEIR ANNUAL DAY.

### Student Company Will Have Members on Hand at all Hours to Battle With Flames.

BERKELEY, November 27.—For the first time in the history of the University of California it is to have organized fire protection for its buildings. With the general improvement of the old fire apparatus on the grounds and plans for the installation of new fire fighting machines have come steps to form a student company whose duty it shall be to respond to calls at any hour of the day or night.

The collegians who will compose the new organization have been assigned the old University cottage known as number one located on the banks of Strawberry creek, near the College avenue entrance to the grounds. Students who have to work their way through college will be selected and given the use of the house free of rental.

The hours of the members of the novel company are to be arranged so that at least three of the students will be on duty at all hours of the day and night.

The three house carts owned by the University have been filled with new fire hose and are to be taken from the artillery house to a special structure to be erected near the lodge of the fire-fighters.

### WHY. HE SAYS CHURCH NINES HAD NO PERMISSION TO USE COLLEGE DIAMOND.

BERKELEY, November 27.—The talk of the town is the abrupt manner in which President Benjamin Ide Wheeler, of the University of California, put the baseball nine representing the First Congressional and the Park congressional church of the University campus yesterday afternoon.

It has been the custom of the two churches to have a game on the campus every Thanksgiving and yesterday was the first time the players had been molested.

President Wheeler declares that he did not have the players leave the grounds for any religious scruples but because they had no permission to use the grounds.

"The young men had no permission to play on the field and that is the only reason they were sent," says the President. "If Trainer Walter Christy gave them permission he had no authority to do so. The matter of permission is the only point involved."

### For the Third Time a Thief Ransacks Play is Given This Afternoon and the Dwelling of G. W. Morgan—Fellow is Seen.

BERKELEY, November 27.—The family of G. W. Morgan at Durant avenue and College avenue is watching in abject terror today the return of the thief who yesterday visited the residence for the third time in a week. The events surrounding the series of burglaries make the case one of the most sensational that has ever been called to the attention of the local police.

The burglary of yesterday was committed in the broad daylight, just as the other two were carried out. The thief was seen leaving the house by Robert, the day-laborer at the residence of Mr. Morgan, who saw him on the previous day.

It was about half past two, while the family was seated at the dinner table, that Robert rushed down stairs crying out "Mother, the same burglar is in the house." He had seen the fellow, who wore the same red head, which appeared to be false, slip through a second-story window open to the porch.

An inspection of the upper part of the house revealed the fact that Mr. Morgan's room on the third floor had been ransacked. Things were in general confusion in the room, small change being flung about, bureau drawers pulled out and small articles swept from the dresser.

Marshall Kearns was notified and as he was looking over the ground Robert came into the house declaring that he had seen the burglar. The thief, however, had no trace of the fellow could be found.

Robert sticks to his story and the case remains just as much of a mystery as giving table that Robert rushed down

Tonight, the observance of the day will be concluded with a promenade at Harmon Gymnasium.

The program opened at the theatre this evening at 7 o'clock with an address by William Critchdon, the president of the class of 1904. His speech of welcome was followed by a curtain-raiser, "A Record Proposal," written by Mark Daniels, a member of the Junior class.

**STRIKE WILL BE SETTLED.**

DENVER, Nov. 27.—Although there are no new developments, the feeling is general that the strike in the northern coal fields will be settled in a few days. The men are said to be disgruntled over their action in rejecting the proposition of the operators and are clamoring for another vote. President William Howells of District No. 15 has telephoned Manager G. N. Sparring of the Great Western Coal Company, that he will no longer oppose a settlement of the difficulties in the north and it is believed that a vote which will settle the strike there will be taken in a few days.

### CHICKEN THIEVES ABROAD.

FRUITVALE, November 27.—Thieves broke into the hen house at the Derby place on East Fourteenth street about 10 o'clock yesterday morning and stole twenty-six chickens. The owner, Frank Dearborn, saw two men running away from the house and gave chase. One of the men shot after him, but he did not stop. of Mrs. Lillie Hitchcock Colt at the Palace Hotel Wednesday evening was

arrested at 504 San Pablo avenue in this city about 7 o'clock by Sergeant Green and Detective Kyte of the local force.

When McClang left the Palace Hotel after giving the landlord for his death wound, he came to Oakland and went out to the lodging house where he remained in hiding about twenty-four hours.

The police had been on the look-out for the fugitive all day, but it was not until nearly twelve o'clock that they learned of his whereabouts. When the police entered his room he was in company with Henry Bradley, Mrs. Cole's private attorney, who had come to Oakland in response to a telephone

I had no animosity toward Major McClung whatever. At the time the

shooting took place I had the revolver, a self-loading one, in my hand, but did not intend to use it. The Major gave up the idea of attacking the fort, and I realize what had taken place. I had been discharged and the Major was shot.

"I was so excited over what I had done I left the hotel and went to the hotel where I was going to stay. I was in a lodging house where I was arrested. I had Mr. Bradley come over to get his advice and intended to accompany him back to San Francisco to give myself up to the authorities. I told him all about it and I hope the Major will get well."

Attorney Bradley, who was with Carnett at the time of the arrest, had the

me I came over to give him advice. I told him that it would be far better

for him to return to San Francisco and give himself up as it would save him the trouble and expense of a long and nervous state and was so excited that I told him it would be better for him to give up and save him the anxiety he was suffering.

"I was about to start when the officers came and arrested him."

As soon as the arrest was made, Chief of Detectives Martin of San Francisco was informed of the fact and he detailed Detective Tom Ryan to take Harry Barrett, post office convict in San Francisco. Barrett was taken by Captain Martin to the rooms of Mrs. Coit to have her formally identify Gar-

that she had been under treatment for a weak heart and the present shock

Garnett was taken to the City Prison in San Francisco where he was locked up. He will be charged with murder on the prison register today.

# VERONA PARLOR HAS BALL.

## NATIVE DAUGHTERS' THANKS—GIVING DANCE AT PLEASANTON.

PLEASANTON, Nov. 27.—Verona Parlor, No. 127, gave one of the most successful balls ever given in Pleasanton Wednesday evening. The young ladies work hard to make their balls the most delightful parties of the year.

Mrs. Ed. Heller was floor director. With large committee of the fair daughters to assist her, everyone thoroughly enjoyed himself.

The main hall was decorated with palms. The stage was festooned with red, green, and white bunting, with choice chrysanthemums and holly berries. At 8:30 the grand march was formed, led by Mr. and Mrs. Joseph Mello and Mr. and Mrs. J. W. Wilson. Mrs. Mello, the president of the parlor, wore a gown of white and lace, with a corsage bouquet of pink carnations and ferns.

About one hundred couples, beautifully groomed ladies and handsome gentlemen, made the picture long to be remembered by those present.

At twelve o'clock a most delicious supper was served in the banquet hall, which looked pretty with festoons of red paper, and the tables with their decorations of long strings of ivy and holly berries, so in keeping with Thanksgiving eve.

Dancing was kept up until a late hour, and good night was sung to the ladies of the parlor.

Following were among the many handsome gentlemen:

Mrs. Ed. Heller wore a handsome old rose silk with sleeves and yoke of chiffon of the same color.

Mrs. Lulu Schoof looked her best in a lovely crepe de chine gown with lace trimmings.

Mrs. G. Ziegenfuss looked sweet in a lovely white gown, with yoke of beaded lace and ribbons.

Mrs. J. P. Morse wore a white organdy over green with trimmings of green.

Mrs. E. Schaud wore a handsome costume of white satin and trimmings of white silk applique.

Miss Valch of Hayward looked handsome in a red and white gown.

Mrs. Fred McDougall was gowned in white with lace and ribbons.

Mrs. Francis Davis appeared in white and blue.

Mrs. F. Adams wore a stylish costume of pink and white cloth, with trimmings of black velvet.

Mrs. Charles Graham was becomingly garbed in a pretty white costume.

Mrs. Frank Wells wore a modish white dress, with trimmings of lace.

Miss Mable Simpson had a beautiful white gown with a handsome yoke.

Miss Elsie Crane wore a stunning costume of white, with pleatings and lace.

Mrs. Allen Philpot looked well in a white dress, with ribbon trimmings.

RAILROAD REJECTS THE FRANCHISE.

(Continued From Page 1.)

latter are of the highest value to the people of Alameda, ensuring them the continuance of the present very low local rates and placing them on an exact equality with the city of Oakland in case the latter should hereafter receive still more favorable rates; providing a fare between stations of one-half that usually charged by street railway companies; dis-establishing and re-establishing stations to meet the present wishes of your community and placing it beyond their power to abandon them without your consent; abandoning tracks upon Railroad Avenue to which the Central Pacific Railway Company has an unquestionable title; abandoning the right to transport through freight over important sections of these lines, and guaranteeing to the people of Alameda the construction of a new ferry building of magnificent proportions.

RESTRICTIONS.

"Some of these restrictions were reluctantly consented to by us, but, as we had intended to remodel the entire railroad system in Alameda, so as to bring it up to the best modern standard, we felt, after much consideration and discussion, that, if franchises for a sufficiently long term to warrant the contemplated expenditures were granted, we would accept the inconvenience and submit to the limitations which were so urgently demanded on your part.

"In all our conferences with your representatives, we distinctly stated that the shortest term we could consider for franchises involving such conditions was fifty years, and all of the concessions made by us were well understood to be based upon fifty year terms. For some time, the sole question remaining at issue between us was as to the duration of the franchises, we insisting strenuously upon fifty year terms, while your representatives insisted upon twenty-five year terms. We then stated, emphatically, that we would decline to accept the latter. It was then proposed by our law department, as a compromise measure, that the franchise should be granted in each case for the duration of the unexpired term of the corporate existence of the respective franchisee (in the case of the Central Pacific Railway Company, forty-five years and in the case of the South Pacific Coast Railway Company 84 years) and we have never, either expressly or by implication, consented to any shorter term. The compromise figures were

regarded by myself and other representatives of the franchisees as altogether too small, and our consent thereto was obtained solely upon the suggestion, and our desire, that this further sacrifice, although very objectionable to us, would be accepted as a final solution of the difficulty.

Up to the time of final action taken by your Honorable Board upon these franchises, we had supposed that the terms of the same were to be respectively for the Southern Pacific Coast Railway Company, thirty-four years and for the Central Pacific Railway Company, forty-five years, and were surprised to hear that the respective terms were twenty-five years in each case. We also understand that in the ordinance for the Southern Pacific Coast Railway franchise as introduced in your open session the term was stated as thirty-four and was reduced to twenty-five years by amendment. There was also introduced into said ordinance a condition to the effect that the franchisee should secure certain tracks of the Central Pacific Coast Railroad Company to be removed, and condition requiring a performance of it, and one which it would not stultify itself by accepting.

"FRIENDLY RELATIONS. "We desire to maintain friendly relations with the city of Alameda and to maintain therein a first-class modern railroad system, operated in such a manner as to meet every economic requirement of her people, but we cannot afford to incur the very large investments necessary for that purpose under the limitations and restrictions proposed by you, for any shorter term than that of the remainder of the corporate life of the franchisee. We have, therefore, in the franchises, I have delayed my reply for the purpose of giving the matter thorough consideration, but see no reason for changing my views as herebefore outlined.

"On behalf, therefore, of the Central Pacific Railway Company and the South Pacific Coast Railway Company, I must respectfully inform you that the franchises, as finally proposed by you, are not accepted.

"I beg further to state that no franchise, containing the special conditions referred to, will be accepted by either of said companies for a term less than that of the remainder of the corporate life of the franchisee, and that the South Pacific Coast Railway Company will not accept any franchise containing a condition requiring it to procure the removal of any tracks of the Central Pacific Railway Company.

"MUCH REGRET. "With much regret that the well-attended concessions offered by said companies have failed to obtain a reasonable response from you, I remain, very respectfully yours, J. KRUTSCHMANN, "4th V. P. & General Manager."

JOHNSON GETS RAGER THATCHER.

The ownership of Harry Thatcher, the race horse, is no longer in doubt. Judge Ogden has decided that the animal is the property of William Johnson and to the latter will hereafter go all the winnings which the fleet quadruped will pick up on the race track.

For some time past, a woman named Annie Hastings had a claim upon the animal, because Johnson failed to pay her about \$600 due for board. When Johnson demanded the horse, Annie Hastings demanded \$600. Johnson began suit to recover the steed, asserting that the horse had been left with the woman merely as security for the payment of the debt. The defendant, Annie Hastings, asserted that the horse had been given to her in absolute payment of the debt. Judge Ogden decided in favor of Johnson, the award being for \$600, the value of horse and \$105 in costs.

YOUNG SURVEYORS CALLED DOWN.

BERKELEY, November 27.—The baseball teams of the First Congregational and Park Congregational Churches were not the only ones ordered off the University campus by President Wheeler yesterday afternoon. While making the rounds of the college grounds, the head of the University saw a number of students engaged in surveying according to the work prescribed in the study of civil engineering. President Wheeler told the collegians that their services were being held in the churches. The students hurriedly took up their instruments and left the campus.

PRESIDENT AT A FUNERAL.

CHIEF EXECUTIVE IS WELL GUARDED DURING VISIT TO NEW YORK.

NEW YORK, November 27.—President Roosevelt arrived here this morning. He came to attend the funeral of his uncle, James K. Grace. The President was accompanied by Mrs. Roosevelt, Dr. J. H. Stokes, his personal physician, and Captain Cowles of the navy. Commissioner Green, head of a force of police to meet the President and a mounted detail escorted his carriage from the Twenty-third street ferry to the home of his sister, Mrs. Douglas Robinson, on Madison avenue. After breakfasting at the Robinson home the President went to the home of Mr. Grace in East Forty-eighth street, remaining there until time to go to the Church of the Holy Communion for the funeral service. At the head of the cortege were carriages containing the pallbearers. Then came a carriage containing the President and Mrs. Roosevelt. With them in the carriage was a central office detective sergeant and a secret service man rode on the box with the driver. The hearse followed, with carriages containing the other mourners. The police arrangements for the protection of the President and the rest of

JOHN L. BEARD'S WILL FILED.

The will left by the late ex-Senate Senator John L. Beard, who died at his home at Warm Springs recently was filed for probate today. He was prominently connected with the politics of Alameda and was one of the earliest graduates of the University of California. While he is presumed to have left a considerable estate his will gives no idea of the real amount of his property. The document is as follows: "Warm Springs, November 20, 1892. I, John L. Beard, of Warm Springs, Alameda County, State of California, being of sound mind and memory and understanding, do make my last will and testament in manner and form following: I give and bequeath to my daughter Jessie Beard, \$500, and the same to be paid to my wife, Lizzie H. Beard, and to my remaining children that may be living at the time of my death. Said amount to be paid when they shall have attained their majority. All property excepting the before mentioned bequests both real and personal, I bequeath to my wife, Lizzie H. Beard, further will that my wife Lizzie H. Beard shall have full power to manage my estate and have full power to sell, lease and rent as she may deem best and that she shall administer on my estate without giving any bond and she is to be the sole executrix of this my last will and testament. John L. Beard." The petition for the probate of the will accompanying the will states that the estate consists of 100 acres of land at Warm Springs, 200 acres of salt marsh in tule county and about 90 acres in Santa Clara county and property which aggregates about \$20,000. His personal effects are valued at about \$3,000. The heirs are Lizzie H. Beard, the widow, John L. Beard, Hawley W. Beard, and Clara H. Beard, children of the deceased.

MINISTER IN THE POLICE COURT.

Martin S. Morgan, who claims to be a minister of the gospel, was arrested last night at Tenth and Broadway by Officer Mulgrave and charged with violation of the ordinance prohibiting people to make addresses upon the streets without first having procured written permission to do so, signed by the Mayor, President of the Council, and Chief of Police, or any two of them. In the police court this morning Morgan said he did not think he was guilty and was insisting upon knowing at once what was going to be done with him. He carried his bible in his hand, and told the court and the audience that he had been commissioned by God to preach the gospel to them at every opportunity and urge them to repentance and would have been talking yet if Bailiff Moore had not peremptorily made him take his seat. Because Morgan attempted to tell the whole show his case went over until tomorrow.
